GENERAL INFORMATION

PLEASE READ THIS BEFORE ORDERING

Directions for Ordering

Write plainly, give explicit address and state method of shipment preferred. Shipments will be forwarded exactly as directed. We recommend the shipment of all herbaceous perennials by Express.

Orders accepted subject to stock being on hand on receipt of order.

Prices

Prices in this catalogue cancel all previous lists, catalogues, and quotations, and are subject to change without notice. Quotations include packing except on special bulky pieces for which cost of packing will be extra. Our prices are F.O.B. our shipping station or purchasers' trucks.

Packing and Local Delivery

All stock shipped by us is packed with utmost care, so as to insure delivery in good condition. Quantity orders delivered by motor trucks within a day's trip of the Nursery at cost.

Shipping Season

The shipping season opens about April 1st and August 1st.

Quality and Guarantee

Our stock is regularly inspected and sprayed and certificate of inspection accompanies each shipment. All goods are guaranteed true to name, up to grade, and in good condition when shipped. Any proving untrue to name will be replaced without expense to the buyer. Our stock is of the highest grade, thrifty and well grown, insuring its success if properly planted and cared for. As we have no control over its usage after it leaves our hands, we can give no guarantee respecting the life of such stock. Any complaint, however, will be given our utmost attention.

Claims

All stock is at purchaser's risk after it is delivered to the forwarding agents and we receive their receipt for same in good condition. Claims for damage or loss due to undue delay in transit must be made to the transportation Company. Have delivery agent note the damaged condition on the Express or Freight bill and promptly present your claim to the

transportation Company, with copy of bill of goods shipped in package.

All claims should be made immediately upon receipt of order.

Payments

Remittances should be made by Post Office or Express Money Orders, or by Check. If the only convenient method is to send Currency, your letter should be registered. Checks should be made payable to OUTPOST FARM AND NURSERY CORPORATION.

Correspondence

All correspondence and orders should be addressed to OUTPOST NURSERIES, not to individuals.

Proper Care of Nursery Stock on Receipt

If upon receipt of Nursery stock you find you will be unable to plant it at once, do not leave the plants in the container. Unpack immediately upon receipt and heel in soil in a shady position. Simply dig a trench or hole large enough to receive all the roots and cover roots well with soil, then soak thoroughly with water. By doing this the plants will remain in perfect condition for several days whereas, if allowed to remain in a box for several days, it would be sure to kill them or at least seriously impair the vitality of the plants. In planting, never allow the roots to become exposed to drying winds. It is well to take a pail into which you have put about equal amounts of clay, soil and water mixed to a creamy consistency and before planting puddle roots in this mixture. This will hold moisture about roots for a long time.
